CSA / Farm Intern
Supervised by HGP Farm Manager

Description
The Homeless Garden Project (HGP), founded in 1990 and based in Santa Cruz, California, provides job training, transitional employment and support services to people experiencing homelessness. In addition, HGP operates a thriving community education and volunteer program. Our programs take place on our 3.5 acre Organic farm and related social enterprises.

We are seeking an enthusiastic and hardworking intern who will support our Community Supported Agriculture (CSA) program in the Spring and Summer and support the expansion of our farm into wholesale accounts by strengthening contacts and relationships and performing deliveries of produce to our various market outlets and restaurant accounts.

CSA: CSA members provide crucial support to HGP by investing in the farm by making a commitment to buy produce from HGP each week during the harvest season and paying in advance for the produce. Their commitment to sustainable agriculture and transitional jobs enhances HGP’s planning and financial stability and creates a community of people who are deeply committed to HGP’s success. In return, we seek to provide CSA members with quality and diverse organic produce, tips and recipes for using the produce, and news and stories about the farm, trainees and our programs that enhance their community experience. This intern will act as the primary contact and form relationships with CSA members. The intern will also collaborate with staff to ensure the CSA is being considered in all aspects of the organization’s outreach, programming, etc.
